

Ready. Aim. Smile!

Putting a Familiar Face with a Member Photo

As part of a voluntary program you can have your photo taken at our Health Education Center. The photo will be permanently included in your secure electronic medical record.

This will allow your doctor and other care providers to become more familiar with you before and during your visit.

** Member cannot use photo as second form of ID when registering*

In 60 seconds or less, you can get your photo taken at any of the following Health Education Center locations:
