**Life Care Planning (1.5 hours)**
Peace of mind comes from knowing that your values and wishes are honored in health care decisions. Life Care Planning begins with choosing someone to speak for you in the unforeseen event that you are unable to communicate for yourself. We call that person a health care agent. At Kaiser Permanente, we believe all adult members should designate a health care agent and complete a basic Advance Directive so your family, physicians, and others are able to honor your choices. We recommend that you bring the person you think will be your health care agent or other family members to the class with you. Pick up a copy of the Life Care Planning form from our Healthy Living Store or download at kp.org/lifecareplan.
