April is Advanced Care Planning Awareness Month

- 8 out of 10 people say it is “very” or “somewhat” important to write down their end of life wishes, but only 36% actually have written instructions.

- Don’t leave your wishes unknown! As a partner in your health, you have the right to be involved in health care decisions.

- Kaiser Permanente can help you learn about the documents designed to help you communicate your wishes about future medical care.

Advanced Care Planning Event
Tuesday, April 21, 2015
10:30 a.m. to 1:30 p.m., exterior patio
Baldwin Park Medical Offices

Advance Directives information/packets, Notary Publics on site, Educational materials in English/Spanish/Chinese, Caregiver support, “Ask the Doc,” games, and more.

Open to members, staff, and the public.

In observance of National Healthcare Decisions Day (April 16, 2015). To inspire, educate and empower the public and providers about the importance of advance care planning.
