Spend less time managing your health and more time enjoying it.

My Health Manager is your one-stop online resource for time-saving features. Use it 24 hours a day, seven days a week to:

E-mail your doctor's office

Send secure, routine message to your physician's office and get a response usually within two business days.

Refill prescriptions

Order your prescription refills and have most of them mailed to your home - postage is free.

View recent immunizations, allergies, and more

Review the names and dates of your immunizations, a list of your allergies, and your eligibility and benefits information.

View most lab test results

Get most lab test results as soon as they're available- many on the same day.

Request, cancel, or review routine appointments

Request appointment and check past office visit information for recommended follow-up steps.

Act for a family member

Access your family members' health information and e-mail their doctors' offices using our secure online features.
