

# MAIL ORDER PRESCRIPTIONS

---

Skip the trip.  
Have our pharmacy come to you!

## How do I get started?

There are three easy ways to order most of your prescription refills or new prescriptions:

- Visit [KP.ORG/RXREFILL](https://www.kp.org/rxrefill) to order online
- Use the KP app on your mobile device
- Call the mail order pharmacy at (866) 206-2983.

You must be registered on [KP.ORG](https://www.kp.org) to order prescriptions online or through the KP app.

**Not registered yet?** Go to [KP.ORG/REGISTERNOW](https://www.kp.org/registernow) to get started.

---

## Even Easier. Even better.

- Order a 90-day supply. This means fewer visits to the pharmacy and a three months supply for a lower copay with select plans.
  - Enter your credit card information through [KP.org](https://www.kp.org), **KP mobile app** or by **phone**. Your credit card will be securely saved on file for future use.
- 

## Get my prescriptions quickly and conveniently.

- Save on money and gas. No more driving to a pharmacy and waiting in line. Even in crummy weather, your medications **come to your door**.
  - In addition to often passing on savings in prescription costs, mail-order pharmacies offer **free shipping**.
  - Most mail-order prescriptions will arrive within a **few days**.
- 

## Have your prescriptions mailed right to your home.

The Kaiser Permanente Mail Order program provides you with the convenience of having your prescriptions delivered directly to you, saving you time.
