## **Kaiser Permanente Orange County Names Senior Vice President**

*Payman Roshan Selected to Lead Orange County Service Area for Kaiser Permanente*

**SANTA ANA, Calif. — September 6, 2022** — Kaiser Permanente announced today the appointment of Payman Roshan as the new senior vice president and area manager for the Orange County Service Area. In his new role, Roshan will have Health Plan and Hospital operational responsibility for two major medical centers — Anaheim and Irvine — and 24 medical offices, which provides care for nearly 600,000 Kaiser Permanente Orange County members.

In 2005, Roshan, who lives in Orange County with his family, began his career with Kaiser Permanente as a regional director of Clinical Technology/ Biomedical Engineering. He then served in numerous leadership roles, including assistant medical center administrator and COO for the Baldwin Park Medical Center, senior vice president and area manager for the Panorama City/Antelope Valley service areas, and most recently at Downey Medical Center, where he helped the hospital achieve a Magnet designation in Nursing practice excellence.

“Payman brings with him an extensive background, empathy and a strong business acumen with a commitment to supporting physicians, our employees, members, patients and the community as a whole,” said [Julie Miller-Phipps](#), president, Kaiser Permanente Southern California and Hawaii, Health Plan and Hospitals. “He’s also the perfect leader to help ensure that Kaiser Permanente Orange County can advance through this pandemic and pivot back to a more normal care delivery operation. Additionally, his focus on maintaining a high-performance culture will allow him to take our operations in Orange County to the next level in this highly competitive health care market.”

Roshan succeeds Mark Costa, who will retire in early October after seven years in the Orange County Service Area. He is credited with overseeing the growth of more than 100,000 members, and consistently achieving high performance in service and affordability.

Roshan earned his MBA at National University, Los Angeles, and his BSE in biomedical engineering at Mercer University in Macon, GA. He is a graduate of the Executive Leadership Program at Harvard University, as well as numerous Kaiser Permanente internal training programs.

“I am excited to be joining this diverse group of talented physicians and dedicated staff in Orange County,” said Roshan. “Together, we will continue to provide exceptional care to our members and the communities we serve.”

In his spare time, Roshan enjoys playing soccer and lives in Newport Coast with his wife of 25 years and their 19-year-old son, who is attending his first year of college.

### **About Kaiser Permanente**

Kaiser Permanente is committed to helping shape the future of health care. We are recognized as one of America’s leading health care providers and nonprofit health plans. Founded in 1945, Kaiser Permanente has a mission to provide high-quality, affordable health care services and to improve the health of our members and the communities we serve. We currently serve 12.6 million members in 8 states and the District of Columbia. Care for members and patients is focused on their total health and guided by their personal Permanente Medical Group physicians, specialists, and team of caregivers. Our expert and caring medical teams are empowered and supported by industry-leading technology advances and tools for health promotion, disease prevention, state-of-the-art care delivery and world-class chronic disease management. Kaiser Permanente is dedicated to care innovations, clinical research, health education, and the support of community health. For more information, go to [about.kp.org](http://about.kp.org).
