**Kaiser Permanente Medical Centers in Riverside County Nationally Recognized with an ‘A’ for Hospital Safety by The Leapfrog Group**

**RIVERSIDE, Calif., April 30, 2020** – Riverside Medical Center and Moreno Valley Medical Center were awarded an ‘A’ in the spring 2020 [Leapfrog Hospital Safety Grade](#), a national distinction recognizing both hospital’s achievements for providing safer health care. The Leapfrog Group is an independent national watchdog organization committed to health care quality and safety. The Safety Grade is a letter grade assigned to all general hospitals across the country and updated every six months, assessing how well the hospital prevents medical errors and other harms to patients.

“We are very proud that both Riverside Medical Center and Moreno Valley Medical Center have earned the highest grade achievable for patient safety,” said Vita Willett, senior vice president and area manager for Kaiser Foundation Health Plan and Hospitals for Riverside County. “This recognition reflects our team’s daily commitment to prioritize patient safety and put member well-being at the heart of everything we do.”

Developed under the guidance of a [national expert panel](#), the Leapfrog Hospital Safety Grade uses up to 28 measures of publicly available hospital safety data to assign grades to more than 2,600 U.S. acute-care hospitals twice per year. The Hospital Safety Grade’s methodology is peer-reviewed and fully transparent, and the results are free to the public.

“As the Nation copes with a challenging pandemic, our gratitude extends to hospital leadership and health care workers everywhere for their tremendous dedication,” said Leah Binder, president and CEO of The Leapfrog Group. “We hope this ‘A’ helps to thank the people who work and volunteer for Riverside Medical Center and Moreno Valley Medical Center. They are role models in putting patients first, and their service has been extraordinary in our country’s time of need.”

Kaiser Permanente Riverside Medical Center and Moreno Valley Medical Center were awarded ‘A’ grades today, when Leapfrog updated grades for spring 2020. **About The Leapfrog Group**

Founded in 2000 by large employers and other purchasers, The Leapfrog Group is a national nonprofit organization driving a movement for giant leaps forward in the quality and safety of American health care. The flagship Leapfrog Hospital Survey and new Leapfrog Ambulatory Surgery Center (ASC) Survey collect and transparently report hospital and ASC performance, empowering purchasers to find the highest-value care and giving consumers the lifesaving information they need to make informed decisions. The Leapfrog Hospital Safety Grade, Leapfrog’s other main initiative, assigns letter grades to hospitals based on their record of patient safety, helping consumers protect themselves and their families from errors, injuries, accidents and infections.
