Your new local hospital – offering quality care near you

Expect coordinated, high-quality care
at **Eisenhower Medical Center**

kp.org/coachellavalley

 **KAISER PERMANENTE®**

The great care you need. Close to home.

You always deserve high-quality care. So we work with select hospitals to make sure our members have access to personalized care and services – even if there isn't a Kaiser Permanente hospital nearby.

- **Choosing the right hospitals**

Each Kaiser Permanente Affiliated Hospital has been carefully evaluated for quality of care, comfort, and services. They're subject to the same independent third-party safety and quality rankings as our own Kaiser Permanente hospitals.

- **Delivering coordinated and connected care**

As a patient at Eisenhower Medical Center, you'll be cared for by Eisenhower doctors and specialists who are connected to your electronic health record, and a Kaiser Permanente hospitalist will help coordinate your care. Your care team can review your health history – including your medications, lab results, allergies, doctors' notes, and more – and keep it up to date as your care evolves.

- **Creating a smooth, seamless experience**

Kaiser Permanente doctors help coordinate your care before, during, and after your time in the hospital, so there are no gaps in your care. Once you're discharged, we'll guide your transition to follow-up care, so you can focus on your recovery. And because the records from your hospital stay are included in your electronic health record, you won't have to worry about transferring the information to Kaiser Permanente.

What you can expect at Eisenhower Medical Center

Enjoy peace of mind. Get the great care you expect, from a team that's seamlessly connected to Kaiser Permanente.
