

Keeping you safe this Fourth of July

We recommend you celebrate the Fourth of July weekend at home with only those in your household. It is the safe way to protect yourself and others from COVID-19. If you choose otherwise, please follow these safety precautions.

Remember to cover your face and maintain your space

If you are planning to host a Fourth of July gathering:

- Avoid inside home gatherings. Host it outside and keep it small.
- Share your list of safety precautions with your guests and ensure they intend to follow them.
- Maintain a 6-foot distance from those outside of your household.
- Require all guests, including children over 2 years old, to wear a face covering over chin, mouth, and nose completely when not eating or drinking.
- Make sure soap, water, and hand sanitizer are readily available for handwashing
- With the exception of grilled items, bring your own food and drinks to gatherings.
- Use single-use (disposable) utensils, plates, cups, etc., and throw away your own garbage.
- Establish separate dining spaces for your household and for your guest family.
- Avoid contact sports, but swimming is OK as long as distance is maintained.
- Remind guests that if they are experiencing COVID-19 symptoms or been recently exposed, they should not attend.
- Be sure to follow local public health guidance.
