

COVID-19 Vaccine Update

As of February 23, 2021

What You Need to Know

Who we're vaccinating now

- Health care workers
- Long-term care residents
- People 65 and older

Who we're vaccinating next

- As we're able to vaccinate more individuals in the highest-priority groups and we receive more supply, we'll vaccinate those at risk of exposure at work in the following sectors:
 - Agriculture and food
 - Education and childcare
 - Emergency services

How to schedule a vaccine appointment

Who we are vaccinating	How to schedule an appointment
Health care workers, long-term care patients, and people 65 and older	<ul style="list-style-type: none">• Visit kp.org/covidvaccine to schedule a vaccine appointment• You may also call the appointment call center at 1-833-574-2273. Please note that we are currently experiencing high call volumes given the current COVID-19 crisis. You may experience longer wait times when calling than normal. Thank you for your patience and understanding.

We kindly ask that you not call or email your doctor for vaccine appointments. Our physicians cannot book vaccine appointments.
