Раздел 1. Введение

Здесь собран список поставщиков медицинских услуг, сотрудничающих с Kaiser Permanente.

Более подробную информацию о плане медицинского страхования см. в **Evidence of Coverage (свидетельстве о страховом покрытии)**.

Основной поставщик медицинских услуг

Выберите основного поставщика медицинских услуг (**Primary Care Provider, PCP**) из представленного здесь списка. В этом списке он будет называться PCP. Большинство медицинских услуг нужно получать у своего PCP.

Ваш PCP соответствует стандартам штата и квалифицирован для предоставления основных медицинских услуг. Обычно это врач общей практики (семейный врач, терапевт). Женщины также могут выбрать специалистов в области акушерства и гинекологии, назначенных объединением Medical Group в качестве основного поставщика медицинских услуг. В некоторых учреждениях у вас также есть возможность выбрать практикующую медсестру как PCP.

Ваш PCP будет обеспечивать большую часть вашего обслуживания. Если вам понадобится специалист, PCP выберет врача необходимой квалификации и будет сотрудничать с ним как представитель вашей команды медицинского обслуживания.

Вы можете выбрать PCP среди любых доступных поставщиков основных медицинских услуг и практикующих медсестер. Вы можете обращаться к ним сразу после своего выбора. Вы можете сменить PCP по любой причине.

Выбор или смена врача

Построение взаимоотношений с вашим основным лечащим врачом, ассистентом терапевта или практикующей медсестрой важно для вашего здоровья. Они помогают поддерживать ваше здоровье — от профилактических мер и консультаций по здоровому образу жизни до лечения заболеваний.

Новые и существующие клиенты Kaiser Permanente могут с легкостью сменить или выбрать личного врача, который координирует медицинское обслуживание. Сертификаты, квалификация, владение языками, специализация и прочая необходимая при выборе информация о каждом из врачей доступны на сайте kp.org/finddoctors (на английском языке).

Вы можете сменить врача в любое время и по любой причине.

Получайте обслуживание, учитывающее ваши уникальные потребности

Вы можете выбрать личного врача указанных далее специализаций.

Взрослая медицина и лечение внутренних заболеваний (терапевт)

Семейная медицина (семейный врач)

Акушерство и гинекология

(акушер-гинеколог)

Педиатрия (для детей и подростков)

Практикующие медсестры

В некоторых учреждениях у вас также есть возможность выбрать практикующую медсестру.

Практикующие медсестры — это лицензированные медсестры, которые прошли углубленное теоретическое обучение и практическую подготовку. Они могут диагностировать и лечить широкий спектр заболеваний, выписывать рецепты, назначать анализы и исследования диагностической визуализации, а также расшифровывать их результаты, обучать и консультировать участников и их родственников. Они работают под наблюдением и при поддержке врачей в рамках тщательно контролируемых протоколов.

Как выбрать или сменить врача

Через Интернет

Посетите сайт kp.org/finddoctors (на английском языке). Вы сможете найти информацию о доступных врачах общей практики и выбрать подходящего.

По телефону

Выбрать или сменить личного врача либо получить информацию о медицинских специалистах и услугах можно по телефону 1-800-464-4000.

Получение покрываемых услуг

Участники плана Medi-Cal должны получать большинство услуг у сотрудничающих с ним поставщиков в зоне обслуживания Kaiser Permanente. У поставщиков, не сотрудничающих с планом, можно получать только:

- обслуживание в медицинском центре, удовлетворяющем федеральным требованиям (Federally Qualified Health Center, FQHC);
- медицинское обслуживание в медицинском центре для коренных американцев;
- покрываемые планом экстренные услуги машины скорой помощи;
- покрываемые планом экстренные услуги и посткризисное обслуживание;
- покрываемые планом услуги планирования семьи;

- покрываемые планом услуги неотложной медицинской помощи за пределами территории обслуживания;
- направления к поставщикам, не сотрудничающим с планом;
- некоторые покрываемые планом анонимные услуги.

Получение услуг, не покрываемых планом Medi-Cal, может быть платным.

Поставщики услуг в данном списке согласились предоставлять медицинские и офтальмологические услуги. Вы можете обратиться к любому поставщику услуг из этого списка (учтите, что в некоторых случаях может понадобиться направление). Вы не обязаны постоянно обслуживаться у одного поставщика услуг. В некоторых случаях мы можем оплатить услуги поставщика, не сотрудничающего с планом.

Как правило, для обращения к врачу-специалисту вам необходимо разрешение вашего PCP. (Оно также называется направлением к специалисту.) Направление не требуется при обращении к сотрудничающим с планом акушерам-гинекологам, оптометристам, психиатрам и специалистам по зависимости от веществ.

Департамент регулируемого здравоохранения (Department of Managed Health Care, DMHC) штата Калифорния разработал следующие стандарты для времени приема.

Если вы предпочитаете подождать очереди на прием, который лучше вписывается в ваш график, или посетить практикующего специалиста по своему выбору, мы учтем это. Лицензированный врач может назначить прием на более позднюю дату, если это не представляет угрозы для вашего здоровья.

Данная информация поможет вам понять, что вы можете ожидать, записываясь на прием.

Тип услуг	Предлагаемый прием
Неотложные услуги	В течение 48 часов
Прием для получения несрочного первичного медицинского обслуживания (в том числе посещения терапевта/врача общей практики для взрослых, педиатра и семейного врача)	В течение 10 рабочих дней
Прием для получения несрочной психиатрической помощи у практикующего специалиста (не врача общей практики)	В течение 10 рабочих дней
Прием для получения несрочной помощи у врача общей практики	В течение 15 рабочих дней

Данные стандарты сроков назначения приема не относятся к профилактическим мероприятиям. В таких случаях врач может предложить индивидуальный график приемов в зависимости от ваших потребностей. Профилактическое медицинское обслуживание включает регулярные медицинские осмотры, проверку зрения и слуха, вакцинацию, санитарное просвещение и пренатальный учет. Эти стандарты не распространяются на периодическое наблюдение при хронических заболеваниях или постоянное обслуживание у специалиста.

Своевременный доступ к горячей линии

Кроме того, действуют следующие разработанные DMHC стандарты для ответа на телефонные запросы. Они определяют срок получения ответа на следующие телефонные запросы от специалистов плана медицинского страхования.

На телефонный запрос, касающийся необходимости получения медицинской помощи и места ее получения, страховые компании должны отвечать в течение 30 минут, круглосуточно и без выходных.

На запросы об обслуживании участников страховые компании должны отвечать в течение 10 минут в обычное рабочее время.

Предоставление бесплатных услуг устного перевода

Сообщите нам, если вам необходимы услуги устного перевода, когда вы звоните нам или когда получаете покрываемые планом услуги. Вы можете воспользоваться бесплатными услугами устного переводчика (в том числе на язык жестов) в рабочее время. Настоятельно не рекомендуется привлекать несовершеннолетних или родственников как переводчиков. Чтобы получить дополнительную информацию о предоставляемых нами услугах устного перевода в [Северной](#) и [Южной Калифорнии](#), позвоните в наш контактный центр обслуживания клиентов:

обращайтесь по телефону 1-800-464-4000 (бесплатно, на английском и более чем 150 языках при помощи услуг переводчика), 1-800-788-0616 (бесплатно, на испанском языке), 1-800-757-7585 (бесплатно, на диалектах китайского) или по линии ТТУ 711.

Счета от поставщиков услуг, не сотрудничающих с планом

Если вы получили счет от поставщика услуг, не сотрудничающего с планом, подайте заявление как можно быстрее. Вы можете также обратиться в наш контактный центр обслуживания клиентов по бесплатному телефону 1-800-464-4000 (711 для пользователей ТТУ).

Отправьте в наш отдел обработки заявлений заполненный бланк заявления как можно скорее после того, как получите медицинское обслуживание.

Неотложная и экстренная помощь

Если у вас экстренное медицинское состояние, позвоните по телефону **911** или обратитесь в отделение экстренной помощи ближайшей больницы. Экстренная медицинская помощь требуется в случае, когда физическое или психическое состояние, в том числе острая боль, требует незамедлительной медицинской помощи для предотвращения серьезных последствий. Если вам будет необходима экстренная медицинская помощь во время поездки в другую страну, кроме Канады или Мексики, Kaiser Permanente **не** будет предоставлять ее покрытие.

Для удобства и обеспечения непрерывности предоставления услуг советуем обращаться в отделение экстренной помощи больницы, сотрудничающей с планом, когда вы находитесь в зоне обслуживания, но только если это целесообразно с учетом вашего состояния или симптомов.

Если у вас возникла экстренная ситуация, мы будем сотрудничать с врачами, предоставляющими экстренную помощь, помогая организовывать ее получение и отслеживать ее. Врачи, предоставляющие экстренную медицинскую помощь, определяют, насколько стабильно ваше состояние и когда завершится экстренная ситуация.

Когда экстренная ситуация завершится, вам понадобится наблюдение, чтобы убедиться в стабильности вашего состояния. Ваш план покрывает такой уход. Если экстренную помощь оказывает поставщик услуг, не сотрудничающий с планом, мы постараемся организовать уход у поставщика услуг, сотрудничающего с планом, как только позволят ваше медицинское состояние и обстоятельства. Очень важно, чтобы ваш поставщик услуг, не сотрудничающий с планом, связался с нами и получил одобрение для посткризисного обслуживания перед его предоставлением.

Вы несете финансовую ответственность, только если мы или поставщик услуг, не сотрудничающий с планом, сообщим, что вам, возможно, придется нести обязательства по оплате расходов.

Клиенты Kaiser Permanente имеют полный и равный доступ к покрываемым услугам. В частности, это касается участников с ограниченными возможностями, как того требует Федеральный закон о защите прав граждан США с ограниченными возможностями от 1990 года и Раздел 504 Закона о реабилитации инвалидов от 1973 года, а также федеральные законы и законы штата, которые запрещают дискриминацию на основе ограниченных возможностей.

Оценка доступности медицинских учреждений для лиц с ограниченными физическими возможностями

Мы оцениваем физическую доступность медицинских учреждений нашей сети в соответствии с требованиями Департамента здравоохранения (DHCS) штата Калифорния. Во время этой оценки проверяется доступность по шести параметрам: парковка, смотровые комнаты, туалеты, территория снаружи здания, смотровой стол/весы, территория внутри здания. Информация о физической доступности партнерских поставщиков услуг или учреждений может быть публично доступной. Кроме того, они могут сами предоставить эту информацию Kaiser Permanente. Ниже приведены уровни доступности, по которым оценивается, насколько учреждение приспособлено для людей с ограниченными возможностями.

Базовая доступность. Учреждение соответствует базовым стандартам физической доступности для людей с ограниченными возможностями по пяти областям (парковка, туалеты, территория снаружи здания, смотровые помещения, территория внутри здания).

Ограниченная доступность. Учреждение обеспечивает физическую доступность для людей с ограниченными возможностями не по всем пяти областям (парковка, туалеты, территория снаружи здания, смотровые помещения, территория внутри здания).

Доступность медицинского оборудования. Учреждение оборудовано регулируемыми по высоте смотровыми столами и весами, которыми могут пользоваться люди, передвигающиеся на инвалидных колясках и скутерах. Обозначены также символом T, описанным ниже.

Расшифровка обозначений физической доступности

В списках учреждений, для которых выполнена оценка физической доступности, вы найдете приведенные ниже символы, обозначающие доступность учреждения согласно инструкциям DHCS.

E = смотровая комната: вход в смотровую доступен и не загроможден. Дверь в смотровую открывается легко и достаточно широко, чтобы можно было проехать на инвалидном кресле или на скутере. Смотровая достаточно просторна, чтобы вместить разворачивающееся инвалидное кресло или скутер.

EB = территория снаружи здания: пандусы, ведущие к входу в здание, и прочие пандусы достаточно широки для инвалидного кресла или скутера. Поручни есть с обеих сторон пандуса. Есть легко доступный для инвалидов вход в здание. Дверь открывается достаточно широко, чтобы могло проехать инвалидное кресло или скутер, а дверными ручками легко пользоваться.

IB = территория внутри здания: дверь открывается достаточно широко, чтобы могло проехать инвалидное кресло или скутер, а дверными ручками легко пользоваться. Пандусы внутри помещения достаточно широки и оснащены поручнями. Если есть лестницы, они оснащены перилами. Если в здании медицинского учреждения есть лифт, то в рабочие часы им всегда могут пользоваться посетители. В лифте достаточно места для разворота инвалидного кресла или скутера. Если есть подъемник с платформой, то им легко пользоваться без посторонней помощи.

P = парковка: есть парковочные места для инвалидов, в том числе парковка для фургонов. Дорожки оснащены пандусами между парковочными местами, зданиями и местами для посадки пассажиров.

R = туалет: до туалета легко добраться, а дверь открывается легко и достаточно широко,

чтобы могло проехать инвалидное кресло или скутер. В туалете достаточно места для того, чтобы человек на инвалидном кресле или скутере мог развернуть свое транспортное средство и закрыть дверь. Есть специальные поручни, помогающие легко переместиться с инвалидного кресла на унитаз. К раковине легко добраться, а рукоятки водопроводного крана, мыло и туалетная бумага расположены удобно для использования.

T = смотровой стол/весы: смотровой стол поднимается и опускается, а весы оснащены поручнями для помощи людям в инвалидных креслах или на скутерах. На весы можно въехать в инвалидном кресле.

PA = зоны для участников: пациенты могут добраться ко всем общедоступным зонам и использовать их с помощью или без нее.

PD = зоны для диагностики и лечения: пациенты могут добраться к зонам и оборудованию для диагностики и лечения, а также использовать их.
